

## **N.M.R.A. BRITISH REGION**

### **Contest Department**

#### **RULES FOR THE THE GEORGE REFFIN MEMORIAL TROPHY**

The George Reffin Memorial Trophy will be awarded each year at the annual Convention for the best scratch build on-line model, *voted for by popular vote of the members.*

Here are the five simple rules of entry:

- 1) It must be a scratch built *on-line* model of any size in any scale.
- 2) It must be the original work of the submitter, whose name must not appear on the model.
- 3) It must not have won an award at any previously held contest, but it may have achieved Merit Award status as part of the Achievement Programme.
- 4) It must be displayed in the contest room throughout the annual Convention, though it need not be entered into the competition itself.
- 5) The award will go to the winner voted for *by popular vote of the members*, *irrespective* of whether or not it has been judged by the contest judges.

Any member intending to submit a model for The George Reffin Memorial Trophy should register their intent with the contest chairman before the annual Convention.
